Subject: Bike Repair Station Info
Date: Friday, December 04, 2015 10:51:01 AM

Planners,

If anyone requests information on Bike Repair Stations, following is a link to one website that I spoke with BUT there are several places where the repair station can be purchased. Prices are ballpark but generally run about the same for most vendors. Stations do not require electric, are galvanized (weatherproof) and take approximately an hour to install. There is little else to it.

This vendor has stations at NC State, UNCG, Umstead Park, Marbles Museum, Engineering Bldg. in Raleigh and multiple other sites throughout NC. One that looks similar, not same vendor, but does not have an air pump is located in Durham at far right front corner of Whole Foods.

Kit I (No air pump) - $700
Kit 2 (With air pump) - $1100
Kit 3 (Air with gauge) - $1300
