

What's the future of cell phone service in Chapel Hill?

Town of Chapel Hill
405 Martin Luther King Jr. Blvd.
Chapel Hill, NC 27514
Phone (919) 969-5066
www.townofchapelhill.org

A plan for our community

- The Wireless Telecommunications Initiative (WTI) is a Town project that will address anticipated changes in wireless technology and provide guidance in maximizing service and minimizing impacts.
- Wireless telecommunications and associated infrastructure is essential to our community for basic day-to-day services, educational, public safety, entertainment, and business needs.
- The Town is developing a Wireless Telecommunications Master Plan and Ordinance and needs your input.

How can I stay involved?

- Please visit our website at chplan.us/wireless-initiative for more information, or email us at telecomm@townofchapelhill.org with questions, comments, or to get on our mailing list.
- We expect to go to the Planning Commission in Mid-Winter and the Town Council in the Spring to obtain approval of a Master Plan and Ordinance.
