

# Public Art Contextual Plan

Chapel Hill, N.C.

June 12, 2006

**DRAFT**

## The Public Art Contextual Plan

The Contextual Plan recognizes that public art is a vital component of the community as it continues to create new parks and open space, reinvest in its infrastructure and expand its jurisdictional authority. The Plan recognizes the necessity of maintaining visibility and engagement between these actions and the objectives and priorities of public art.

## Plan Goals

- To physically and culturally integrate public art throughout Chapel Hill thereby promoting the general welfare of the community and enriching the lives of residents and visitors.
- To recognize synergies among Town master plans and action plans as public art opportunities.
- To incorporate public art as part of the Town's Comprehensive Plan and Land Use Management Ordinance.

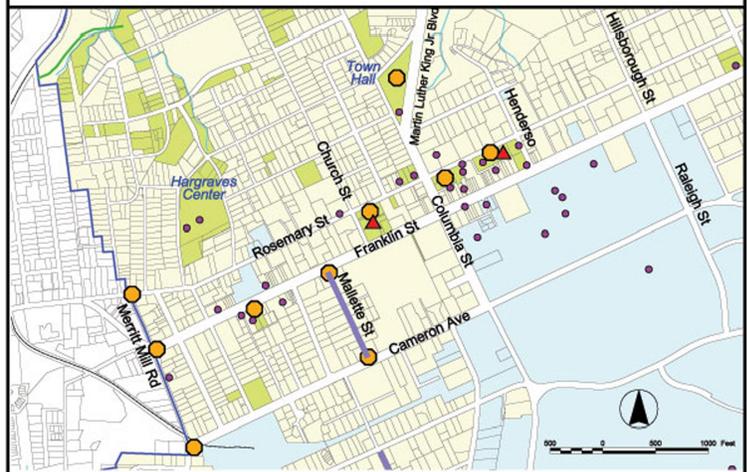

## The Basis of the Contextual Plan

The Contextual Plan analyzed the following documents adopted by the Chapel Hill Town Council. These master plans and action plans informed the physical recommendations presented on this Plan.
