Clean Water Ambassadors

Are you interested in keeping our water clean? Learn about the Town of Chapel Hill Stormwater Management Division's program to educate residents and businesses about discharges that affect storm drains and creeks from 1 to 4 p.m. Tuesday, Aug. 6 at the NC Botanical Garden, 100 Old Mason Farm Road. You'll learn all about understanding pollution sources and what to do if you find them. You'll also have a chance to meet members of local watershed groups and find out how you can assist with pollution prevention efforts.
