

**Agenda**  
**Municipal Services Center Project**  
**December 13, 2017, 6:30-8:30PM**  
**Phillips Middle School Cafeteria**

**Project Work Session: Stormwater Management**

**Welcome!**

Tonight's workshop is an opportunity to exchange information with the project design team about stormwater management for the proposed Municipal Services Center. Feel free to come and go as you please, and food will be available.

**6:30—7:00** Welcome and orientation to the meeting

- Welcome from meeting facilitator, Andy Sachs.
- Mary Jane Nirdlinger will offer brief remarks.
- Update on Elkin Hills neighborhood effort at developing proposed principles to guide the project.
- Overview of workshop stations.

**7:00 --8:15** Open House

- Two stations will be devoted to Stormwater Management and Environmental Protection
  - Project design staff will be available to answer topical questions and discuss the project.
- One station will be devoted to general questions
  - Town staff will be available for discussion.

**8:15** Wrap Up

- Discussion of next steps

**8:30** Adjourn

**Before you Leave**

We have comment cards by the door. Would you please let us know what worked well about tonight's meeting format, if there's something you'd suggest we do differently, or anything else you'd like to tell us?

**Upcoming Events**

January 8<sup>th</sup>                      5:30p.m. – 7:30p.m.:                      Community Check-In/Review Meeting
