## Rogers Road Sewer Construction Update

The contractor for the Historic Rogers Road Area sewer installation began work in September 2017. The work is expected to be completed in early 2019, but weather and other conditions may affect progress.

Over the next month, the contractor will continue to install pipe in the areas along Tallyho Trail and portions of Priscilla Lane. Low intensity blasting is underway south and north of Tallyho Trail. Additional information will be provided, as needed, to residents who are directly impacted.

How the work may affect you:

- Traffic may be limited to one lane near the work area or closed with a detour. We will maintain access for emergency and service vehicles at all times.
- There will be noise, dust and mud. The contractor's normal work hours will be 7 a.m. to 6 p.m. Monday through Friday. Blasting is approved for the hours between 9 a.m. and 2 p.m. Saturday work will be approved on as needed basis throughout January.

## HOME Program Funding

The Orange County HOME Consortium's application cycle is now open for entities wanting to apply for FY 2019-2020 funds under the HOME Investment Partnerships Program. HUD's HOME Investment Partnerships Program (HOME) provides formula grants to states and local communities that fund a wide range of activities including construction, acquisition, and/or rehabilitating affordable housing for rent or homeownership, or to provide rental assistance to low-income people. The deadline for applications is 4 p.m. Feb. 5.
