Transit Service Adjustments

Chapel Hill Transit will implement service adjustments that will take effect on Monday, Aug. 12, to increase reliability, meet ridership demands and improve connections to employment and retail centers.

NS Route – adding AM peak trips (7–9 a.m.) between Eubanks Park and Ride and UNC Hospital.

CM and CW Routes – extending all evening trips (7–9:30 p.m.) to operate in both directions between Chapel Hill, Campus and Carrboro.

HS Route – new route will serve Rogers Road, High School Road and Homestead and extend to serve the University, UNC Hospital, Campus, Smith Level Road and Culbreth Road. Route will not serve Seawell School Road between Estes Drive and High School Road (last day of service Friday, Aug. 9).

A Limited will be eliminated due to lower ridership. The A, NU and HS routes will serve Hillsborough Street.

D Route will terminate at UNC Hospitals starting Aug. 12. This improvement will allow for additional D trips serving the University, UNC Hospital, Franklin Street, Elliott Road and Blue Hill District between 6:30 a.m. to 9:30 p.m. The route will not serve Culbreth Road (served by extension of new HS route) and Smith Level Road (served by J route and new HS route extension). Last day of service on Culbreth Road will be Friday, Aug. 9.

NU Route weekday and weekend service will resume on Monday, Aug. 12. U Route weekend service will resume on Saturday, Aug. 17. Safe Rides will resume on Thursday, Aug. 22.

The bus stops on Hillsborough Street at Midtown Market (Hunam Chinese) and between the Mobil gas station and Lloyd Tire (#3246 & #3247) will be eliminated due to safety concerns, low usage and the availability of several surrounding stops. The stop at Pittsboro Street and University Drive (#3224) will not be served by the CW route (weekday and weekend) due to safety concerns. Other routes will continue to serve this stop.
